

A Review of Stakeholder Feedback and NORI Collector Test EIS Revisions

Monday, March 7, 2022 | 1:00pm- 3:00pm PT // 4:00pm- 6:00pm ET

This webinar will be convened using the Zoom video teleconferencing software program. Download the latest version of Zoom from the [Zoom Download Center](#) and visit the [Zoom Help Center](#) for support.

Webinar Goals

- Provide an overview of the Environmental Impact Statement (EIS) for the NORI Collector Test and the stakeholder consultation process
- Share a high-level summary of comments received during the stakeholder consultation period, together with responses and revisions made to the EIS
- Engage in a Q&A with webinar participants to receive knowledge and perspectives related to the revised EIS
- Close this stakeholder consultation and outline next steps and information on how the stakeholder community can stay informed and engaged.

Agenda

Welcome & Goals

Mrs. Margo Deiye, Ambassador of Nauru to the United Nations and Permanent Representative of Nauru to the International Seabed Authority, will welcome webinar participants, provide an overview of the stakeholder consultation goals and process, and share perspectives and responses on behalf of Nauru as the sponsoring State. Webinar goals, agenda, approach, and engagement agreements will be introduced to create a shared understanding of intentions and anticipated outcomes.

NORI Collector Test EIS & Stakeholder Feedback

Michael Clarke, Environmental Manager, will briefly introduce the planned Collector Test EIS before sharing a summary of stakeholder comments received during the public comment period as well as updates to the EIS.

Participant Q&A

Webinar participants will be invited to engage and provide feedback in a Q&A with representatives of the Republic of Nauru and NORI with any questions, or further comments relating to the EIS and stakeholder consultation process.

Next Steps

Webinar participants will be informed on how interested stakeholders can stay informed and engaged. Next steps for the Collector Test campaign and EIS will be outlined as well as broader engagement opportunities for NORI's Environmental and Social Impact Assessment (ESIA) process.

Note

[Strategic Earth Consulting](#), funded by the Republic of Nauru, supported the stakeholder consultation process and webinar design. This webinar agenda may be updated at the discretion of the facilitation team based on the needs of the participants and discussion.
